

Rou-Shayn Chen
AOC-IFCN President

We gleefully invite you to participate in the AOC-IFCN's educational series on July 11, 2026, entitled "Hands-on Learning Series: Empower the Future by Enriching the Know-How of Advanced Clinical Practice", which will have a "hybrid" format, where overseas participants join virtually, and local attendees attend in the venue in Taipei.

We are confident that participants will experience many thought-provoking presentations and have an unforgettable experience.

Jui-Cheng Chen
TSCN President

Save the Date and Register

Turn Image & Signal into Clinical Intelligence:
From Prodromal Markers to Parkinson's Disease Cognition

- On-line Registration Deadline : **July 7, 2026**
- Extraordinary On-line Registration: **July 10, 2026**
  Extraordinary Registration need to contact Secretary at : ***tscn01@gmail.com***

Scientific Program

1-day program featuring 3 main topics with one overview and one hands-on practice

- Topic 1: **Foundations of fMRI Processing with SPM**
- Topic 2: **From fMRI Matrix to Machine Learning in Parkinson's Disease**
- Topic 3: **From PSG Signals to Deep Learning: An AI-Assisted Hands-on Approach**
